Group Contributions

Member 1: Bilanes, Edmund Kendrick D.

- Analytic Method (Verification)
- MATLAB Script: User Input, Range Generation, Numerical Solution (Euler's Method)
- Documentation: User Input, Range Generation, Numerical Solution

Member 2: Mariñas, Carl Mervyn G.

- Analytic Method (Verification)
- Documentation

Member 3: Nicolas, Francis Medin N.

- Analytic Method
- MATLAB Script: Error Handling

Member 4: Ong, Eiress Bassey H.

- MATLAB Script: Input Validation, Table, Plotting
- Analytic Method & Documentation (Verification/Revision)

Honor Pledge

On my honor, I pledge that:

1) I have neither given nor received unpermitted aid during this Machine Problem outside my team,
2) I didn't ask for help from an AI tool on coding and documentation except for typographical errors and grammar checking.
